Through a recommendation from Santa Anita Family Services, Monrovia Providers Group helped this individual with a couch.

Dear Monrovia Providers Group,

I want to extend my sincere thanks for providing a grant to our client. It makes a world of difference for her to have a comfortable couch rather than the two lawn chairs she had when I first met her. I see a positive energy growing as she is getting her living room organized and furnished.

Thank you for your generosity and kind work!

-Gayle Thompson, MSW Intern, Santa Anita Family Service
